13,000 SEE BALL GAMES AS SEASON ENDS WITH DEFICIT

Admissions to Night League Are 34 Per Cent Less Than Year Ago

EXPENDITURES ARE $1,518

Balance From 1931 Season Is Sufficient to Leave Small Fund

Thirteen thousand persons attended the games in the Upland night league during the season, it was reported at the meeting of the baseball commission and managers in the chamber of commerce office last night.

Deficit of $217.23 is the financial result of the season's play, Clair E. Kirk, secretary, revealed in the financial report. Receipts totaled $1,301.46 and the expenditures were $1,518.69.

Financial success of the 1931 season, however, was sufficient to carry the present season without current bills being unpaid. At the start of the 1932 season there was a cash balance of $237.99. The season ended with a cash balance of $20.76. It is noted that without the cash balance from last year's season the season just closed would have been actually in debt to various accounts.

Receipts were made up of the following items: Team deposits, $60; game admissions, $1,192.76; field rent, $42.70; miscellaneous receipts, $6. These items make a total of $1,301.46. Added to this is the $237.99 cash-on-hand figure, giving the total of $1,539.45.

Among the largest disbursement items are electricity, $113.89; umpires, $300; field labor, $196.75; gate keepers, $142; field supplies, $113.23; repairs, $209.46 and new equipment, $147.56.

Mrs. Morrison Goes to Visit Relative

Moore and her daughter, Miss Lillian Moore, who is on vacation from the Cedars of Lebanon hospital in Los Angeles.

It will be remembered that Mrs. Morrison and her nephew were snow-bound in their car in the hills near Bishop for 10 days last January and Mr. Curtin's feet were frozen during his efforts to break a trail through the deep snow. He is still under treatment and unable to leave the hospital.

The Upland group expects to return Thursday.

WELFARE WORK TO RECEIVE PROCEEDS OF DRESS PAGEANT

Full Evening's Entertainment Offers Pleasant Way to Contribute

ADMISSION PRICE IS LOW

Dress Parade, Music, Song and Dance at Chaffey on Friday Night

Already calls are being made for aid for the unemployed, and as the winter season approaches those calls will be increased. They must be answered. Soon or later, those who can do so will give. So why not start the giving Friday night when each 15, 25 or 50 cents will perform the double duty of purchasing an evening of wholesome fun and of increasing the unemployment and welfare funds of Upland and Ontario?

The Evolution of Dress pageant, sponsored by the Upland Business and Professional Women's club and participated in by many individuals and organizations of Upland and Ontario, is to be repeated on the stage in the Chaffey high school auditorium Friday evening, Sept. 30, solely for the benefit of those two welfare funds.

Through the exercise of a great deal of ingenuity and much hard work and the generous donation of talent, the pageant, a unique and colorful combination of dress display, song, dance and music, is being presented at very small expense and with the exception of a small sum to cover the costs, the entire proceeds will go to welfare work.

From Adam and Eve to the modern girl, scores of costumed characters will pass in review. Some of the costumes are strikingly handsome, some are plain and others are comical—while all are authentic.

The music will be an enlivening feature of the program. There will be the numerous special selections by Fred Wilding's Symphony orchestra and the old-time music by Mrs. Mabel Paquin's Barnstormers, while the vocalists will be Peggy Grahame, Francis Wilson, Ted MacLaren and Mrs. Mabel Hardwick Stewart. The several special dances are listed in another article in this issue.

The program will start at 7:45. Tickets are on sale at Mac's drug store in Upland and at Newton's and Ford Bros. Music store in Ontario.

Brother and Sister Parted 35 Years Ago, Meet Here Saturday

Ralph Eddowes, Jr., visited his only living sister, Mrs. Margaret Eddowes Juckett Walgren, Saturday for the first time in 35 years. After the death of their parents in Greeley, Colo., that number of years ago, the brother and sister drifted apart, both with large families of their own, and did not know until a week or so ago that each lived in California.

Mr. Eddowes makes his home with one of his five daughters, Mrs. L. D. Lowary of Anaheim, and he has been there eight years. Mrs. Walgren lives with her youngest daughter, Mrs. Tracy Morris, of Upland, and has been in California 21 years.

The information that brought the two together came through a relative, John I. Coddington, who teaches history in Harvard university and is writing a family history.

Mr. Eddowes represents the fourth generation of Ralph Eddowes and is 80 years of age.

The visit of the brother and sister was a happy one and will be repeated often to make up for the many years of separation.

"I am awfully pleased to meet you and I want to personally thank you for sending us that citrus fruit."

Early in the campaign Mr. Andreas sent the New York governor boxes of oranges and lemons and later Mr. Roosevelt's son replied with a letter of thanks. The Uplander was impressed with Mr. Roosevelt's memory and his reference to the little gift.

Others from this district on the platform with the candidate were John M. King, Hemet newspaper publisher; Ernest Martin and Ben Harrison of San Bernardino.

HANSON IN PLEA TO REPUBLICANS

Local Committeeman Urges Members to Support Party at Critical Time

By G. A. Hanson

If ever the Republican party needed your support it is now. President Hoover and the Republican party has been blamed for the general depression. President Hoover has done and is doing everything in his power to relieve the persent situation and at the same time to protect and advance the welfare of the people of the United States. There is not a country in the world that is not affected by the depression. Is Herbert Hoover to blame for what is going on in other parts of the world? No

"It is a poor time to swap horses in the middle of the stream." Let us put our shoulder to the wheel and help the Republican party to again elect Hoover.

C. C. Teague, president of the California Fruit Growers Exchange, asked Governor Roosevelt when he was in Los Angeles last week to answer ten questions. These questions were vital to the whole country and especially to people living in California, but Governor Roosevelt "did not choose" to answer one of them. Why?

Let us all go to the polls Nov. 8 and cast our votes for the Republican party. A man or woman who neglects to vote is not a good citizen and their franchise should be taken away from them.

G. A. Hanson, member San Bernardino County Central Committee, Republican Party.

ROTARIANS HEAR NOTED SURGEON

Dr. Lowman Tells of Wonderful Work Being Done at Orthopedic Hospital

Dr. Chas. L. Lowman, head of the orthopedic hospital in Los Angeles, gave an interesting and instructive talk before the Upland Rotary club today noon on the wonderful work that institution is doing among cripples of Southern California. The Upland club is well known in Rotary circles for the amount of interest it shows in crippled children and a number of cases which the club has financed have been taken care of at this hospital.

Coach Karl Kaiser of the Chaffey physical education department introduced the speaker.

Dr. Lowman stated that his institution has about 5,000 active cases at all times and stressed the thought that young children should undergo examination for possible physical defects at a very early age and that this should be done from time to time to see what may have developed as the result of some accident or injury. The great trouble with a large per cent of cases coming to the attention of the orthopedic hospital is that they have been of long standing without the trouble having been known. Failure to follow up in many cases also results in the return of the old trouble, said Dr. Lowman, who had photographs showing some of the remarkable results accomplished at his institution.

The speaker complimented the local club for its activities in this line and stated one of the great needs is to retain interest in the patients after they are released from the hospital, in the way of securing employment for them.

While in the hospital the children are given instruction in school work and many of them learn an occupation while there.

Mature trout, totaling 100,000, have been planted in Big Bear lake as another step in the state division of fish and game to provide nimrod fans with the best possible fishing conditions.

The fish are from 6 to 10 inches in length and are believed large enough to evade the black bass, which ate many of the smaller trout previously planted.

GAS RATE HEARING CLOSELY FOLLOWED

City Attorney, Other Officials, Study Efforts to Get Lower Charges

Special interest in the hearing on rates charged by utility concerns supplying gas to Southern California consumers is being shown by Edward E. Gray, city attorney, and other Upland officials.

The state railroad commission opened a hearing in Los Angeles Friday and continued it until Oct. 11 to permit investigation of allegations contained in written exhibits presented by proponents and opponents of the rate reduction. The hearing was called as the result of efforts of cities in the citrus district.

Mr. Gray said that the rates charged by the Southern Counties Gas company, serving Upland, are lower than the rates of the Southern California Gas company, serving the district from Cucamonga east.

It was brought out in the hearing that the rates paid by the cities in the eastern district are "too high and unfair to consumers."

SMALL HOSPITALS ARE SEEN AS BEST

Dr. Aita Returns From Study in East With Views on Hospital Work

Believing stronger than ever in the field of the small hospital and convinced that the medical and hospital service offered in Upland is equal to that offered elsewhere, Dr. A. A. Aita, manager of the San Antonio Community hospital, returned this morning from St. Louis. He went east nearly a month ago for special study in hermatology and pathology.

Dr. Aita said that the financial conditions were much worse in the St. Louis district than here.

Concerning the hospital work, he said that tendency is to have more smaller hospitals and fewer larger ones. "It is possible for patients in the smaller hospitals to get more personal service and to get the things they need and prefer," Dr. Aita said. He visited several St. Louis hospitals. "Managers of the larger hospitals admit that the smaller ones can give better service."

"Who is going to win, Hoover or Roosevelt?" he was asked. "Eooh," he replied, "I have heard that discussed so much on the train I am sick of it."

HUGH MACLEAN IS DEATH VICTIM AS ATTACK IS SUDDEN

Upland Merchant Dies Yesterday Shortly After Leaving Work

FUNERAL IS TOMORROW

Fatal Attack Comes to Popular Businessman in Shop Here

The sudden death Monday afternoon of Hugh MacLean, well-known Upland businessman and proprietor of the Reliable Shoe shop, came as a grievous shock to his relatives and friends, many of whom had no intimation that he was not in the best of health.

However, for some time Mr. MacLean had not felt well, and although he had been warned by his physician, he had not let his family suspect he was suffering from a heart aliment.

Working in his shop until 11 o'clock Monday morning, Mr. MacLean decided to retire to the family apartment in the rear of and above the shop on Second avenue. At 2:30 in the afternoon he was stricken suddenly as he sat on a davenport and expired in his wife's arms as she sought to support him.

Mr. MacLean was a native of Hamilton, Ontario, Canada, and was 42 years old. With his family he had made his home in Upland for 16 years, being in business 12 years of that time. A public spirited citizen, Mr. MacLean was always ready to aid in any worthy undertaking and his genial disposition and cheery greeting for all who passed his shop won him many friends.

Surviving him are his wife, a daughter, Elsie, and two sons, Eddie and Hughie, all of the parental home; two sisters, Mrs. Beatrice Rice of Ontario and Mrs. Evelyn Snyder of Los Angeles.

Funeral service will be held Wednesday afternoon at 2:30 at the Stone funeral home, Dr. R. C. Stone officiating. Interment will be made in Bellevue cemetery.

Welfare Auxiliary Prepares Clothing for Welfare Work

The large number of garments made ready for distribution to the needy during the all-day sewing held Friday in the library basement by the Welfare Auxiliary, made a most satisfactory collection, it was stated Monday by Mrs. Gust Anderson, who called the meeting.

A total of 21 women spent several hours sewing, many of them bringing their lunches and remaining all day.

A great deal of mending was done, and many garments were remodeled, while several new ones were made of material given by various ones.

The need for the clothing has been urgent, especially among children of school age, and Mrs. Anderson has been well pleased with the work done so far. Other days of sewing will be held later.

The clothing is distributed by Mrs. Mary Eckerman, city welfare chairman, and Mrs. Lottie Fuller, school nurse.

One of Worst Forms of Poison

"Poison Notes," "Red Poison," and other similar expressions are being used to counteract the vicious propaganda being spread against banks by the reds. The "poison" has been energetically spread in Los Angeles during recent weeks with renewed effort. The result of such "poison" was the closing of banks in several of our neighboring cities some weeks ago. The method is well known: an anonymous telephone call hints to you that this or that bank is unsafe.

If persons in this or any other city should receive such an anonymous hint they should bear in mind that no friend will refuse to give you his name when he has good advice or information for you. An enemy hides himself because he does not want you to know his purpose, but desires to injure any bank or other financial institution he might name. He poses as your friend, but is in fact your enemy as well as the enemy of the institution he is defaming.

The second and very energetic drive by Soviet agents to break the faith of the people in banking institutions is now under way. We have heard of none of this vicious propaganda being spread in Upland, but it is a well known fact that the local institutions are on an unusually sound footing. It would therefore be difficult for the reds to exert any great influence here. With what now amounts to a federal guarantee, the banks are in an even stronger position than heretofore since the economic disturbance began. Letters or telephone calls casting reflections upon banks are not sent by anyone interested in the welfare of the depositors—and intelligent Americans will not be influenced by the coarse tactics of aliens who are hostile to our form of government and to our institutions.

When you heed such propaganda as this you are helping the Communist cause—and whom a Communist would convert he must first make that party poor.

No matter whether you call it a saloon or not—any place where booze is sold has that same old repulsive saloon smell. And the breath of the fellows who fill up on hootch today is no more pleasant than if they had "tanked up" at a saloon—it's still strong enough to knock a person down.

—o—

And now comes along Alma Whitaker, she of the "Sugar and Spice" column in the Los Angeles Times, and calls this News Guy a "nice-minded" man. At Crombie Allen's recent party at the Breakfast club in Los Angeles we had the privilege of sitting next to Miss Whitaker, there being another non-smoker, Fletcher Ford of Los Angeles, sitting on the other side of that distinguished writer. Alma just had to have her smoke with her breakfast and her distress signal consisted of exhibiting an empty cigaret case in her appeal for "first aid." Wasn't that some predicament: A women fag fan without a cigaret—and bounded on either side by a "sissy" man who could not supply the "burning necessity?" However, we broadcast the distress call to Welles Ross of Ontario, who sat at our left—and thus we prevented the collapse, in public, of a famous "columnist." But in her column Alma "rubs it in" thusly: "Perhaps I'm a little fussy, but I do think it mars the charm of an otherwise nice fellow to see him indulging in this feminine vice." When will these modern women quit being so rough with we men who have deteriorated into such weaklings that we won't even smoke cigarets?

—o—

It cannot be said of President Hoover that he is a coward. His stand against payment of the soldier bonus at this time has been strongly adhered to in spite of the fact that he knows it will cost him many votes. On the other hand, however, the veterans are not all in favor of the bonus payment, many having voiced strong opposition to it, realizing that the burden of taxation that would be thus created would cripple the country at this critical period from which it has begun to emerge. Lessening the burden of taxation is what we must have in order to get back to normal conditions—and we are not going to reduce taxes by taking on still more debts. The President also voiced, in his acceptance speech, his emphatic stand on all issues before the nation.

—o—

No doubt the general public is anxiously awaiting Gov. Roosevelt's answer to C. C. Teague's ten questions—to which he did not even allude in his address at the Hollywood Bowl last Saturday. Does the governor think it is none of the people's business how he stands on public questions?

—o—

There is still considerable doubt as to whether the move for better movies has caused movie producers to move very rapidly toward producing better movies. In fact, we might say, with the Chinaman, it is still mostly "talkie" about making better movies.

—o—

An exchange tells of a fellow who dropped a "bundle of laundry" on the walk and broke both bottles. Similar instances have occurred here in Upland. Something like the fellows who pull a tobacco can off their hip and take a drink out of it.

—o—

If you couldn't account for the unusual static when you "tuned in" last Wednesday night—just bear in mind the fact that Candidatt Roosevelt was spreading his Democratic propaganda through the ether.

—o—

According to a paragrapher, what women really need are wrist watches that will run and hosiery than won't. He could also have truthfully said that some husbands need wives who don't run—too much.

—o—

Apparently it is now rapidly reaching the stage where a fellow has to figure on buying cigarets for two when he gets married.

The continual manner in which Will Rogers scratches his head while making a talk causes one to wonder if he is not going after something besides ideas.

Great Tax Evil

San Bernardino Sun: Ray L. Riley, state controller, strikes at the very heart of the high tax situation in California when he declares that the people must take out of the constitution a long list of provisions that automatically fix public expense so that they are immune from changing economic conditions.

The state controller declares that he will draft and submit to the 1933 legislature the necessary constitutional amendment to remove the provisions that now fix a long list of state and county expenses. If the legislature approves, the question would be submitted to the people at the 1934 election. Perhaps the financial crisis in state expenses may become such that a special election in 1933 could be forced.

It is Mr. Riley's estimate that between $10,000,000 and $12,500,000 a year could be saved in governmental expenditures if the legislature had discretion in a long list of charges that are fixed in the constitution.

That is true if the legislature is sufficiently impressed that the people mean business in economy in state affairs.

The present difficulty is that the people have so little contact with state finances that they are not always interested in what the state does. The people pay the taxes but they pay them indirectly.

Between the fixed charges of the constitution and California's dual system of taxation it is not an easy matter to reduce state expense.

ODD! . . . . . BUT TRUE!

San Antonio Chapter D.A.R. Opens Season in Happy Affair

The initial meeting of the season, an interesting program and delightful tea hour, was held Monday afternoon by members of San Antonio chapter, Daughters of the American Revolution, with the new regent, Mrs. E. W. Henry, presiding for the first time.

The home of Mrs. Chas. V. Barr, 535 Euclid avenue, furnished the attractive setting for the enjoyable event.

Beginning the meeting with the usual opening ritual, Mrs. Barr conducted a brief business session.

As program chairman, Mrs. Frank L. Allen presented a most interesting paper on "International Relations."

Regarding the nations of the world as neighbors, Mrs. Allen eschewed the political and diplomatic aspects of the subject and spoke rather of the great value of real international friendship.

She told of the work the women of the nations are doing through their clubs, churches and other organizations to establish a friendly fellowship among the nations of the world. The vast opportunity open to the youth of the world to further understanding and friendship as exemplified during the recent Olympic Games, was referred to by Mrs. Allen.

The social hour afforded a time for pleasant visiting and was a delightful conclusion of a most successful meeting. Mrs. R. F. Lemon was hostess for the day, being assisted by Mrs. Mary Janney, Mrs. H. I. Ross, Mrs. R. R. Harrington, Mrs. Mary Chapin of Burbank, and Mrs. Nellie Mson. Mrs. Henry assisted the hostesses by pouring tea at the handsomely appointed table.

Mrs. O'Brien Tells of New Home in Hills

Upland friends have received pleasant news from Mrs. W. E. O'Brien, who, after a residence of two and a half years in Calexico, where Mr. O'Brien was manager of the branch bank of the Bank of America, is now located at Ramona, in the hills northwest of San Diego. Mr. O'Brien has been transferred to the bank at that place.

The change from the desert town to the pleasant location in the green hills was a welcome one, according to Mrs. O'Brien, who says: "We are now in our new home and we surely love it here already."

Mrs. O'Brien made many friends during her residence in Calexico and while there was president of the Woman's club. However, she is very glad to be out of the desert heat and extends an invitation to her friends to visit her in her new home in the green hills.

After luncheon, they were addressed by student officers of the Undergraduate association. This was followed by a Greek games exhibition, an outdoor tea, and a demonstration of outdoor athletics.

Girls of Sunday School Class Entertained—

A number of girls who have completed the work of the junior department of the Upland Presbyterian Sunday school were delightfully entertained Saturday afternoon by their teacher, Mrs. R. E. Van Ness, at her home in San Antonio Heights.

The beautiful Van Ness water gardens attracted the children and for some time they enjoyed the privilege of exploring the grounds. They also played several games and then devoted part of the time to practicing for the coming rally day program.

As a token of their regard for her and their appreciation of her work as their teacher, the girls surprised Mrs. Van Ness by presenting her with a lovely gift.

Mrs. Van Ness' small guests were Peggy Grahame, Ruth Ann Bridge, Winifred Blair, Dorothy Benson, Virginia Crabtree, Dorothy Rosenberger, Mary Louise Gaylord, Vesta Wisely, Dorothy Jean Neilson, Barbara Lee Graff, and Mary Ellen Myers.

Upland Club Members Urged to Attend Joint Meeting

Between 75 and 100 club women will be guests of the Upland Woman's club Thursday when the joint district and county federations meet here, and Mrs. Nora M. Eells this morning stated she urgently desires a large attendance of members.

Every officer of the Upland club, every board member and all department and section chairmen are especially urged to attend, and all other club members who possibly can do so.

Officers of Legion Auxiliary Take Up Official Duties

One of the outstanding events of the year, the annual installation of officers was held last night by the American Legion Woman's Auxiliary and was a most ejoyable affair. Mrs. Clara Lamb, retiring president, presided and Mrs. W. J. Larkin was installed as new president.

Opening the evenings activities, a carefully planned contributed dinner was served, the husbands of the Auxiliary members being guests and the attendance numbering more than 60.

The handsome set of new dishes, with yellow and green design, was used for the first time and yellow candles and greenery emphasized those colors. There also were bright colored zinnias, catoneaster and verbenas.

Following the dinner the impressive installation ceremony was conducted by Mrs. Thos. E. Howarton, the members taking office being:

Mrs. W. J. Larkin, president, Mrs. Clara Jacobs, first vice-president; Mrs. S. D. Allee, second vice-president; Mrs. Herbert Metz, secretary; Miss Elizabeth Fossett, treasurer; Mrs. Harry Plum, chaplain; Mrs. Chas. V. Benson, sergeant-at-arms; Mrs. Floyde Atwood, historian, and Mrs. Frank Freeman, musician.

In recognition of her faithful and efficient service, Mrs. Lamb was presented with a beautiful past-presndent's pin and Mrs. Larkin received a handsome president's pin, the presentations being made by Mrs. Howarton.

The evening closed with a social hour and a large group remained until quite late to enjoy spirited card games.

TALENTED DANCERS IN DRESS PAGEANT

Special Dance Numbers Will Be Presented in Program, Welfare Benefit

Important among the special features to be offered during the presentation of the dress pageant at Chaffey Friday night, Sept. 30, will be the several dances, both group and solo.

One tiny tot, a delightful little dancer, to whom the pageant committee is particularly indebted, is pretty Montie Lue Hunt, six years old, who comes from Riverside especially to dance, black-face, in the plantation scene. Little Montie Lue has danced before many audiences and she also sings sweetly and plays her own piano accompaniment.

Another member of the plantation group, several of whom are from Riverside, is Miss Helen Taylor, versatile and talented dancer of Upland, who will present one of her popular character numbers.

Another clever dance, much of which was missed at the first pageant presentation because of the difficulty in seeing the stage, will be the wooden-shoe Holland dance by little Ray Harnett and Junior Kirk. Ellen Highsmith, another talented dancer, will represent France in a delightful dance in the parade of nations and little Jean Kirk will give a rollicking gypsy dance.

Four Japanese girls will appear in their native costumes and give one of their favorite dances. They are Mary Okamoto, Kiyuoko Shoji, Helen Shoji and Sadako Nagasaki.

Miss Phyllis Moeller again will appear as Salome in her famous dance and Dorothy McLenathen and Francis Herring will give a professional interpretation of an adagio dance. There will be four Indian dancers, Dorothy Wight, Gwendolyn Wight, Phyllis Moeller and Dorothy McLenathen, and Dorothy Williams as a senorita will present a Spanish dance.

Two other dances that "stole the show" at the first pageant, will be repeated Friday night and will be the highlights of the entertainment. They are the Bowery dance by Ida Cerreto and George Somes, and the country girl dance by Dorothy Williams. Several of the dancers, pupils of Dorothy Williams, are professionals, and they and their instructor are generously aiding in the pageant, the proceeds of which will go to welfare work.

P.-T. A. SCHOOL OF INSTRUCTION HELD

Many Upland Members Attend District Meeting Held in Ontario

The two Parent-Teachers associations were well represented Friday when more than 125 women gathered in the social rooms of the First Christian church in Ontario to attend a school of instruction sponsored by the California Congress of Parents and Teachers and conducted by Mrs. B. C. Clark of Glendale, fourth state vice-president.

The Ontario council, of which the Upland associations are members, won attendance honors with 36 members present. San Bernardino was second with 23.

At a board of managers session held early in the morning by Mrs. Fred Arth, president, of Redlands, several appointments were made, Mrs. W. K. Fuller of Ontario being named chairman of the budget. She will be assisted by Mrs. T. L. Johnson, district treasurer, also of Ontario, and Mrs. W. S. McDougal, financial secretary, of Colton.

Attention was called to the district meeting to be held in San Bernardino on Oct. 21. The gathering will be held in the Y. W. C. A. and reservations are to be made with Mrs. M. R. Hall of San Bernardino.

The school consisted of group discussions on several topics, particularly program making, the use of the Parent-Teacher magazine in planning programs, membership, publicity, recreation, motion pictures, etc.

Many Upland women were especially interested in a talk by Mrs. Leo B. Hedges, state chairman of motion pictures for the P.-T. A. Mrs. Hedges traced the history of visual communication and education through writing and printing to the present use of motion pictures and explained the emotional effects of motion pictures upon the child mind.

Luncheon was served at noon at attractively appointed tables.

MANY ATTEND BIG HOME-COMING DAY

Record Attendance at Several Services; Dinner and Program Given

Home-Coming day at the Mennonite church brought out record attendances Sunday and proved to be so pleasant an event that requests immediately were made that the special home-coming be held each year.

A record was made in the Sunday school attendance, 225 being present. At the morning church service there also was an unusually large attendance, a number of former members returning from other places and several visitors coming from a distance. Three new members were received into the church.

At the conclusion of the services, a group of the members, numbering about 100, who had brought their basket lunches, gathered in the dining hall in the church basement and held a get-together luncheon.

At 3 o'clock another large crowd assembled in the social rooms for an informal program, L. J. Horsch presiding. Interesting reminiscences, songs, impromptu talks, etc., were enjoyed, the program practically being built up as it proceeded.

In the evening the four C. E. societies observed California Christian Endeavor day by presenting special programs and at the evening church service L. J. Horsch spoke on "Have Faith in Your Church."

RESOLUTION SENT PRESIDENT HOOVER

Ontario-Upland Ministers Tell Approval of Action to Reduce Armaments

At a recent meeting of the Ontario-Upland Ministerial Union a resolution was presented by the Rev. A. J. Neuenschwander and readily adopted by the union, endorsing President Hoover's action in proposing a one-third reduction in all land armaments.

The resolution was forwarded to the president and upon receipt of a reply from the secretary of state, the Rev. C. L. Knight proposed that both papers be published.

The resolution follows:

Honorable Herbert Hoover, President of the United States of America,
Washington, D. C.

Dear Sir:—The proposal you made some time ago, for the slashing of world armaments by one-third in all land armies over and above the "so-called police component" has had a remarkable effect all over the world.

The Ontario-Upland (California) Ministerial Union, assembled in monthly meeting, July 27th, took the following action:

"We wish to heartily commend you as President of the United States of America, for using your office in such a noble manner as to urge such far-reaching reductions in armaments. Such reductions we feel will affect a great saving in all nations, which is greatly needed at this time, and at the same time we feel that the less of armaments above police protection we have, the less is the likelihood that nations will go to war again."

We hope that when the Disarmament Conference convenes again, more rapid progress may be made in reaching or aproaching the goal you so nobly set.

May a kindly Divine Providence graciously guide the affairs of man so that ere long the ordinary joys and comforts of life may be enjoyed.

In the name and for the Union.
Shirley R. Shaw,
Chairman.
A. J. Neuenschwander,
Secretary.

The following reply was received:

The Rev. A. J. Neuenschwander,
First Mennonite Church, 579 Campus Avenue,
Upland, California.

Sir:—At the direction of the President, the receipt is acknowledged of your letter of July 29, 1932, expressing your concurrence with the President's recent proposals for the reduction of armaments. The President appreciates your interest in this important matter. Very truly yours, for the Secretary of State:
John D. Hickerson,
Acting Chief, Division of Western European Affairs.

FOOTBALL OUTLOOK IS BRIGHTER NOW

Week-end Games Bring New Encouragement to Chaffey Elevens

Things are shaping well on the Chaffey gridiron.

High school and junior college elevens performed creditably in the two practice skirmishes Friday. Last night's practice indicated that much had been acquired in the way of football knowledge.

This week's grid program calls for the high school to meet Colton there Friday and the junior college tangles with Pasadena jaysee in the Crown city Saturday.

And so the attention of Coaches Howard L. Mitchell and Bert Heiser is centered on polishing up the offensive plays and defensive fight.

In Friday's games, many players on both of the squads saw service. The high school defeated the Pomona college frosh squad 12 to 6, and the jaysee eleven lost to the Whittier college outfit, 6 to 0.

Looking ahead the two coaches are more optimistic than formerly. The way John Meek, the husky Tiger quarter, performed, pleased Mitchell. This converted center of last year is likely to prove the bugbear of opposing elevens. He gained yardage from scrimmage, he passed and punted and directed the eleven in fine manner.

Uplanders on the Tiger squad include Meek, Ronald Gibson, Cy Gunstream, Howard Roberds and Bert Nichols. All except Nichols saw action Friday, but Nichols is likely to be in future games, since he is recovering from a slight injury.

As to the jaysee outfit, attention is being given to offensive plays, since it was this department that proved to be poorest in the Whittier game.

Make Correction of Announcement

The Mutual Orange Distributors ask us to make correction in their announcement in The News last Friday, as follows: "That announcement carried the name of Garden Grove Mutual Orange association in error. All other associations affiliated with the Mutual Orange Distributors in Southern California handling Valencia oranges unanimously had approved the announcement and the above association had the matter under advisement at the time the announcement was forwarded to the perss. The Garden Grove Mutual Orange association is perfectly justified in calling attention to this error."

The Chaffey bus will be at the American Legion hall at 10:30 on Thursday morning.

A contributed picnic lunch will be served and each one is to bring table service. A program will be given in the afternoon.

He is suffering from a severe cold with complications.

ETIWANDA

ETIWANDA Sept. 26—For the third successive year the Claremont Lawnbowlers club has held Claremont day at the Etiwanda church. The pastor, Rev. J. H. Mallows, and Judge Thomas Donnelly are members of the club and the church acts as host at this annual affair. A goodly number of the members with their families came over Sunday in answer to an invitation from the church and attended the morning church services and about 25 remained for the pot luck dinner prepared by ladies of the church under the auspices of the third section of the Ladies Aid society. Mr. Mallows gave one of his splendid sermons taking for his subject "Our Work Completed by God." Special music was provided by the choir with a beautiful vocal solo by Judge Donnelly.

News of the marriage of George Burbank, younger son of Mr. and Mrs. Harry F. Burbank, of Del Rosa which occurred at Yuma, Ariz., Saturday, Sept. 17, when he took for his bride Miss Genevieve Ramsey of Helendale, is of special interest to Etiwanda people. The Burbank family formerly resided here and continue to keep in touch with their friends here.

Morris Frost and Mr. and Mrs. Ferguson of Los Angeles were Sunday guests of Mr. and Mrs. John Frost and family.

Mr. and Mrs. Don Henderson of Alhambra looked in on old friends here Friday.

Mr. and Mrs. H. H. Dickins and grandchildren, Marjorie and Dick Martin, spent Friday with the

Teacher: "Tommy, is trousers singular or plural?"

Tommy (after much thought): "Singular at the top and plural at the bottom."

Beautiful Pageant Presented

An attendance that taxed the capacity of the Cucamonga Community church greeted the presentation of the pageant, "The Coming of Truth," given Sunday night by a cast of more than 125 characters. The church auditorium was filled early and the Sunday school rooms were opened and even then the crowd could not be accommodated, all standing room being taken.

The pageant, an allegory teaching a beautiful lesson, was splendidly presented, the cast being directed by the pastor, the Rev. J. W. Grande.

Special efforts are being made to increase the Sunday school attendance and 150 had been set as the goal for Sunday. General satisfaction was expressed when it was announced there were 164 present.

Plans are being made by the Cucamonga Woman's club to open the new club year on Oct. 13 when a meeting will be held at the home of Mrs. Geo. H. Parsons on Hellman avenue. The program subject will be "International Relations" and an open forum will be held. A social hour will follow the meeting.

A. C. Walling of Los Angeles was a visitor at the home of Mr. and Mrs. A. L. Swift, and from here Mr. Walling went deer hunting.

Mr. and Mrs. Emil Schmutz, San Bernardino road, Cucamonga, are the parents of a girl born at the San Antonio Community hospital yesterday.

Mr. and Mrs. R. F. Rowe, East Eighth street, had as their guests recently Mr. and Mrs. Will O. Dunn of Pasadena. In the afternoon a trip was made through the vineyard district, with dinner following at the Bowe home.

Miss Edith Goldsmith will entertain members of the F. S. G. club at an evening party Wednesday at her home on State highway.

Miss Barbara Buehler spent the week-end in Whittier visiting with her brother-in-law and sister, Mr. and Mrs. Donald Clancy (Audrey Buehler), who are now nicely located in that city.
